

DOEUN SOPHORS

Web Developer

About Me

Enthusiastic developer with a passion for building efficient software solutions and managing robust databases. I thrive in collaborative environments but am equally confident leading independent projects. With a sharp eye for detail and a commitment to lifelong learning, I aim to bring innovative problem-solving and a dedicated work ethic to your organization. I am ready to take on new challenges and contribute immediately to your development goals.

EXPERIENCE

ACADEMIC PROJECT

- E-Commerce Website (PHP, MySQL): Implemented product listing, shopping cart, and checkout system.
- Restaurant Management System (HTML, CSS, JavaScript, PHP, MySQL): Designed ordering and billing features for a mini-restaurant.

PERSONAL PROJECT

- Personal Portfolio (ReactJs, Tailwindcss): Created responsive design to showcase personal work.
- E-Commerce Website (ReactJs, Tailwindcss): Implemented product listing, shopping cart, wishlist, order history and checkout system with Paypal sandbox.
- API (Laravel, PHP): Build an API with authentication (Sanctum) and CRUD function
